

ROCHESTER HIGH SCHOOL

The Class of 2010 dedicates this yearbook to

Mr. Anthony "Tony" Goupee.
For teaching 42 years in Rochester starting back in the old building. For keeping your chalkboard when everyone else "downgraded" to whiteboards. For coaching cross-country, being a class advisor, chaperoning numerous Senior class trips, leading student council, and increasing our knowledge of Shakespeare. We'll miss you and we hope you enjoy your retirement!

Memories: "I don't want to stress my body" when I have to run in soccer practice, and my bro Ethan get always offset to me.

Skonk boofed in my choos, i said when we was in camping.

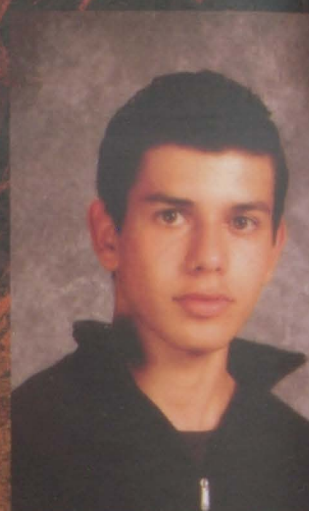

"I don't oonderstand"

"Shut up peach"

"The four Bananas"

Ski group inspired by 4bi9. This group born one day in the lunch time on the school... My bros was talking about 4bi9, in that time I doesn't speak English really well so I think they talking about some bananas stuff, so i said ok our group going to be The Four Bananas... That's it.

Soccer Season

I dont really like play soccer I was never on the team before, but that was really fun, in this I met my best friends. My first soccer practice was so weird I didn't speak any english. The guys try to help me, but I didn't understand the coach, but it was a really good time and funny.

Thinking

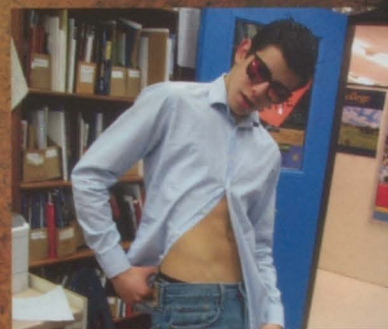

When I do this I can feel I can fly every where I want. The best place to think is the nature feel the respiration of the earth, have a connection with her, try spend all of your energy on her and you going to be ok. Some times you does not have any body to talk but some times the best is try express your self alone only you and the nature.

Daley: She is the best of the best friend ever. I don't really have words for her because all the feeling of her are stuck in my little heart. My first love and my first friend I knew here, I have too many feeling for her but I can't express in this page because if i do it maybe I'm going to spend the rest of my life writing about her. But i really wanna say she is the beautiful thing i never have saw on my life she is some kind of stuff you only saw one time on your life, she is the only one can calm me down with only see her. I have to say love her and never going to forget her she won her space on my heart forever. I love you daleys.

My first love draw to her.

Allyson: I meet her in the gas station, my first day here, I didn't know about greeting people so i kiss to hi. I never thought I'd ever see her again but in the middle of the school year I have a little conversation wirth her and after 6 month I knew it was her pretty crazy.

So she always think I was a creepy, and she right now knows how i'm. She has a little sugar house, I collect some sap from the maple trees, I was driving the gator so fun. So she invite over to the sugar house and made some maple syrup that was pretty. I really like her as a good friend, I think she needs to give me some time to knew me, but right know we are friiends and I really like spend some times with her.

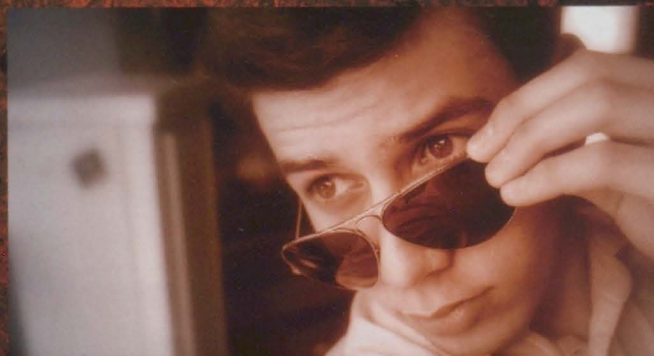

Forrest Gump

My favorite movie just because some times I feel like him on every thing i do, from run to love.

She is a really big person in my experience on my exchange. She has helped me in every single problem I had. She saved me in a few problems, she is always behind me in every thing. She takes care of me in the school and development of my exchange experience. Thank you for everything you had to spend time on me, thank so much Mrs. Hughes.

The Road goes ever on and on

Hats off to the Class of 2010!

Congratulations Rochester graduates!

As a Rocket, you've gotten a great start on life, but now you'll be starting anew – as a young adult bound for college or work. You'll be leaving some relationships behind and forming new ones. One relationship you should maintain is with a health care provider. Good health is essential to a good life. Lucky for you, you have outstanding health care providers right in your community.
